    - Looking at Late Winter/Spring 2024 now.
    - Danielle with City Sustainability Office is approaching a private landowner who has implemented some practices to host the event on their property.
  - Updating Riparian Corridor Brochure
    - Waiting for a stream guide put out by Wentzville
    - Will coordinate the stream guide with the Hinkson CAM website redesign
  - Possible Buffer Improvements near Mexico Gravel Rd
    - Parks will be planting some trees at the Allspaugh tract to get started on the native plant restoration.
  - Regional Conservation Partnership Program (RCP)
    - On hold for now. Need significant match.
5. Announcements/Comments
  - Lynne is proposing a GIS person to help identify riparian corridors areas to focus restoration on.
    - GIS person could do that while working on a BMP drainage area mapping project the Science Team has been requesting.
    - The Missouri Resource Assessment Partnership (MoRAP) might be a good partner for this.
    - The effort may help bolster request for RCP funding
