Minutes

The minutes for June 2024 were approved. The July meeting was cancelled.

Discussion Items

1. Sensor deployment maintenance proposal – Sean Zeiger has resigned from the Science Team. Sean coordinated passing the sondes to Alba to continue data collection efforts. However, Alba has limited resources for maintenance of the sondes including data download. Boone County/Geosyntec has provided a proposal which includes the maintenance and data download of these 5 sondes, as well as grab samples and regression

analysis for chloride and specific conductance. The science Team approved recommending full funding for all five sondes. Robert Voss will write up the formal recommendation and send it to the Team for approval.

2. Updated Executive Summary for Science Strategy – Further discussion and review of the draft executive summary. Science Team finalized the summary. Robb Jacobson will incorporate the final version into the science strategy document.

Next Meeting

The next meeting for the Science Team is scheduled from 3 pm to 5pm on September 3, 2024, via web interface call.
